

Tender Opportunity June 2022

Background – Syspal Ltd are a leading supplier of stainless-steel specialist material handling products and related services to the food, pharmaceutical and healthcare industries. The company specialises in an extensive range of stainless-steel equipment that is essential to any hygiene and quality conscious environment. The product range includes Hand, boot and utensil washers, freezer trolleys, step units, hygiene equipment, Eurobins and many other products.

A recent business review has identified the need for a Solar PV Array to generate electricity for the site demands.

Opportunity – The company currently operate from a 10,000 m² facility that has east and west aspects on the roof available for the installation of a solar PV array. The site is looking for a 248 kWp system to supply the site's energy demands.

Proposals to include prices for supply, installation, and commissioning. Proposals must also include the specification of the equipment to be installed.

Site visits if required can be arranged with the project manager detailed below

Capability – Suppliers are invited to provide the most cost effective and energy efficient solution. Examples of similar installations undertaken in the past three years to demonstrate capability to design, install and commission this project.

Selection Criteria – The contract will be awarded to the most cost-effective tender that meets the requirements of the company and can be delivered within the planned timescales.

Payment Terms – Payment will be made in stages and agreed as part of the contract discussions. Anticipated payment terms to be included in the prospective supplier's quotation.

Cost – To be stipulated in the prospective supplier's quotation

Timescales

- Completed tenders to be received by the companies Project Manager via email no later than 12:00 noon on the 4th of July 2022.
- Project installation timescale will need to be provided.
